

Beemac Logistics Introduction

Who We Are

Founded in 1984, Beemac began as a small privately held flatbed trucking provider based in Ambridge, PA.

Beemac has since grown to become the largest, industrial focused full-service logistics provider in North America, generating over 421MM in revenue in 2024.

We offer asset-based trucking through our sister company, logistics services, LTL solutions, intermodal shipping, transloading services, material management and specialized hauling services to customers throughout North America.

In 2019, Beemac became a 100% employee-owned organization. At Beemac, we pride ourselves on unmatched service and the quality of our employees. At Beemac Logistics, we truly believe that ***Relationships Move Loads.***

Mission Statement

Our mission is to provide the highest quality professional trucking, logistics and intermodal services to our customers in the most safe and efficient manner possible. Our commitment to safety and personal service will be accomplished by effectively combining and managing our key resources, First Class professional drivers, innovative personnel, and the latest technology available.

We strive to achieve extraordinary levels of client satisfaction by employing highly qualified individuals and providing them with a challenging and rewarding work environment responsive to their needs for balance between their professional and personal lives.

- Warehousing & transloading

Our carriers:

- are UIIA certified
- have twic cards
- have private chassis
- are tanker endorsed
- hazmat certified
- bonded

Beemac/Mercury Partnership

Barge Freight:

Extensive operations across the U.S. inland river system, with strong relationships across major and independent barge operators. We offer full market coverage and expert negotiation of both short- and long-term contracts.

Ocean Freight:

In partnership with IFCHOR North America, we manage millions of tons of dry-bulk and liquid cargo globally. Our team prioritizes client interests throughout every stage of chartering and execution.

Rail Freight:

Rail logistics across North America with Class I and short line railroads. We provide end-to-end support including contract negotiation, railcar leasing, and daily operations management.

24/7 Operations Support:

Our team ensures round-the-clock logistics oversight, actively preventing issues and keeping freight moving on time and on budget.

LTL Solutions

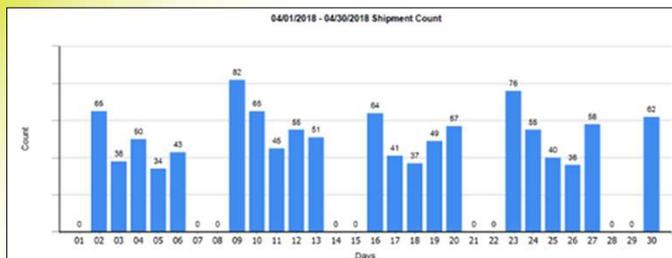

Beemac Logistics delivers reliable, cost-effective LTL solutions backed by top-tier carrier partnerships and 24/7 support.

What You Get:

- Tier 1 pricing with the top 120 LTL carriers
- A best-in-class, vetted carrier network
- 24/7/365 operational support
- Market-leading technology for visibility and tracking
- Expedited shipping options for time-sensitive freight
